# Batman

## Step 1

Using a sponge, apply the yellow/orange split cake colors across the forehead

## Step 2

Place two dots at the top of the forehead and two dots where the eyebrows begin. Connect the dots on each side.

## Step 3

Place a dot on the cheekbone below each eye, then paint a curve from the top of the wing down to the bottom.

## Step 4

Paint the body by placing a dot in the center of the bridge of the nose. Connect each wing to the dot to form a triangle.

## Step 5

Fill the body in black, then add optional details such as small stars, dots, or highlights.
