UNIVERS

Flowers

Step 1

Apply a light color, such as pink or light purple, with a sponge in a C-shape around the eye.

Step 2

Use a round brush or petal brush to add 2 flowers around the eye.

Step 3

Using the same brush, add petals above and below the flowers, following the C-shape.

Step 4

Then add green leaves between the flowers and petals.

Step 5

Add small details such as dots, lines, or stars. Then outline the green leaves with white.

Step 6

Optional: Add a colored lip and, if desired, a little EcoSparkles glitter.
